Next Member Meeting - October 27th at 7:00 p.m.

We hope to see you there!

finished. The 'old' website is still up with information about the community.

High Desert Corridor

Our September mixer at the High Desert Hunt Club was fabulous!!

Are you interested in hosting a Business After Hours mixer at your location?

Give us a call at 661-245-1212 to get the ball rolling!

Metro has asked us to share information about their upcoming webinar on November 4th at 10:00 a.m.

The online session will provide an overview and status of the HDC Project with topics including an update on the environmental studies, description of the current alignments, project schedule, the latest on the social media front, and other available resources. If you are not able to attend, the webinar will be recorded and available for viewing at your convenience.

This project is a joint effort between Metro and Caltrans to identify a new freeway/expressway route that would connect SR-14 to SR-18, linking Los Angeles and San Bernardino Counties.

You can find more information about the project [here](#).

Chamber Referral Program

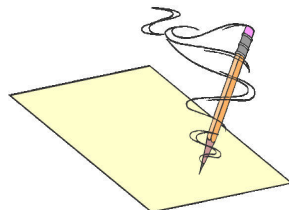

We get a lot of phone calls for all types of information. Although our office isn't currently staffed on a regular basis, email and phone messages are checked and returned daily. We provide referrals for our members as well as referrals to local community services.

Recent calls have included requests for:

- * Information about local Bed and Breakfast spots
- * Contact information for the High Desert Hunt Club
- * Information about food programs for citizens in need
- * Information about how to volunteer for local teen mentoring programs
- * Information about stargazing at Mount Pinos

If you're a member, we're referring you to people who want to do business in our community!

Write for the Newsletter and Website!

We would love to have articles from our members for the newsletter and website. Are you a restaurant owner who would like to share a favorite recipe? Are you a nonprofit organization wanting to share information about

one of your programs? Maybe you're a health care practitioner who would like to inform the community about the health benefits of a particular treatment. Are you a contractor with a fun DIY project to share?

This is a great way to bring attention to your business services without having to do the dreaded "sales pitch". It's also FREE advertising! We'll put your article in the newsletter and website with credit to you as the writer, information about your business, contact information, and a link to your website.

Email those articles to webmaster@mymountainchamber.com!

Note: We reserve the right to edit slightly for spelling and grammar. Any major changes or suggestions will be forwarded to you for approval prior to publication.
